

Programm

17.00-17.25 Alexandra Hackmann

AK Krebber, Philipps-Universität Marburg

Differential export requirements for the shuttling
mRNA-binding SR-proteins in *Saccharomyces cerevisiae*

17.25 – 18.00

Julia Weigand AK Süß, Goethe-Universität Frankfurt

Olga Frolow AK Engels, Goethe-Universität Frankfurt

Ivan Krstic AK Prisner, Goethe-Universität Frankfurt

Structural characterization of a neomycin-responsive
riboswitch

18.00– 18.25 Dan Li

AK Hartmann, Philipps-Universität Marburg

Insights into archaeal & eukaryal RNase P RNA structure and
function by a retro-evolution approach

18.25 – 18.50 Nicolas Jaé

AK Bindereif, Liebig-Universität Gießen

SMN-assisted assembly of snRNP-specific Sm cores in
trypanosomes

Pizza & Beer
