

## Programm

17.00-17.25 Meike Ochs

AK Steinhilber, Goethe-Universität Frankfurt

Posttranscriptional regulation of 5-LO via alternative splicing and NMD

17.25-17.50 Lennart Randau

MPI for Terrestrial Microbiology, Marburg

Characterization of unusual RNA processing pathways

17.50-18.15 Steffanie Kellner

AK Helm, Johannes Gutenberg-Universität, Mainz

A uridine-selective multifunctional bioconjugate reagent for photoaffinity labeling and click chemistry of RNA

**Afterwards: PIZZA and BEER**
