

Program

17:00 - 17:25 Jan Rhode

AK Dimmeler, Goethe-University

A universal aptamer chimera for the delivery of functional microRNA-126

17:25 - 17:50 Florian Richter

AK Wittig, Goethe-University

Detection of RNA:Protein crosslinks using mass spectrometry

17:50 - 18:00 Break

18:00 - 18:25 Thomas Halbritter

AK Heckel, Goethe-University

Development of a light-responsive Riboswitch - Synthesis and spectroscopic behavior

18:25 - 18:50 Martin Michael Rudolph

AK Süß, TU-Darmstadt

RNA-aptamers against photoswitchable small molecules

Pizza & Drinks
