

## Program

17:00 - 17:25 Julian König

Institute of Molecular Biology (IMB), Mainz

Studying protein-RNA interactions with in vitro iCLIP

17:25 - 17:50 Shoji Ohuchi

AK Süß, TU-Darmstadt

Development of RNA-protein nano-objects for nanomedicine and synthetic biology

17:50 - 18:00 Break

18:00 - 18:25 Phillip Grote

Institute of Cardiovascular Regeneration, Centre for Molecular Medicine

Goethe University

Long non-coding RNAs in Mouse Embryo Development

18:25 - 18:50 Jana Kliemt

AK Soppa, Goethe-University

Characterization of small non-coding regulatory RNAs from the halophilic Archaeon *Haloferax volcanii*

19:00 Pizza & Drinks
