

## Program

17:00 - 17:25 Mandy Jeske

**AK Jeske, BZH, University Heidelberg**

Biochemical dissection of post-transcriptional regulation during early development

17:25 - 17:50 Paul Donlin-Asp

**AK Schuman, MPI for Brain Research**

Visualizing endogenous neuronal mRNA dynamics in real time

17:50 - 18:00 Break

18:00 - 18:25 Samoil Sekulovsky

**AK Trowitzsch, Goethe University Frankfurt**

Mechanistic basis of pre-tRNA processing by the human tRNA splicing endonuclease in health and neurodegenerative disease

18:25 - 18:50 Alberto Collauto

**AK Prisner, Goethe University Frankfurt**

In-cell PELDOR spectroscopy of short RNA duplexes

19:00 Pizza & Hot Wine
